

## Safety Officers and Safety Management Assistants

As per OPNAVINST 5100.19 (Series) Navy Safety and Occupational Health Program Manual For Forces Afloat, Section A2-12: If operations do not permit the prospective safety officer or safety management assistant to attend formal training prior to assuming the position, he or she must attend formal training at the first opportunity, and in the interim, complete the Naval Safety Supervisor Course (NAVEDTRA 14167F) located on Navy eLearning: <https://lms.nel.navy.mil>

## Questions?

If you have questions concerning Safety Programs, approved safety items, 5100.19 (Series) Navy Safety and Occupational Health Program Manual For Forces Afloat, or any other related items, please feel free to reach out to us. We will find an answer or point you to the right source.

## Afloat Safety Directorate

### MISSION:

To preserve warfighting capability and combat lethality by identifying hazards and reducing risk to people and resources.

### VISION:

A continuously improving command that develops leading indicators of risks and hazards to empower all Sailors, Marines, civilians and their families to embrace a proactive culture of risk identification and management to achieve zero preventable mishaps.

# What We Do

- Afloat Operational Safety Assessments (AOSA) (ships and submarines)
  - \* *Current AOSA is conducted every six years. Assessments are typically 2-3 days and are non-intrusive. Areas assessed are Evolutions, Programs, Watchstanding, Interviews and Fatigue Management.*

- Provide tailored assists as requested by Immediate Superiors in Command (ISICs) and Afloat Units.
- Provide Safety Investigation Board Advisors (Class "A" Mishaps)
- Track Mishap Investigations, Endorsements and Data Trends
- Semi-Annual Mishap Analysis
- Conduct Waterfront Seminars and Fleet Safety Training
- Maintain Afloat Safety Program Manuals and Instructions
- Liaison with Systems Commands (SYSCOMs), Fleets, Type Commands (TYCOMs) and others.

## WE VALUE YOUR INPUT

- Do you have lessons learned?
- Do you have safety best practices?
- Article submissions or suggestions? We will work with you to publish.

# Products

- Reports on human behaviors, program depth and culture; small material assesment
- Standardized scoring to generate Fleet-wide metrics and probabilistic modeling
- Submarine Safety Officer Course

- Chief of Naval Operations (CNO) and Secretary of the Navy (SECNAV) Afloat Safety Awards
  - \* Type Commander (TYCOM) has to review and approve prior to dates listed in OPNAVINST 1650.28 (Series) Chief of Naval Operations Aviation, Afloat, Shore, Expeditionary-Related And Safety Leadership Awards Program

- Ship's Safety Bulletin (SSB) newsletter
- FLASH (Factual Lines About Submarine Hazards) newsletter
- Contribute to Afloat-themed Lessons Learned Products
