

SPRING CLEANING POISON PREVENTION

- ✓ Keep household cleaners and potentially poisonous substances in their original containers.
- ✓ Store strong chemicals away from food so one product isn't mistaken for another.
- ✓ Follow the directions for use of products.
- ✓ Never mix products with one another.
- ✓ Turn on fans and open windows while using cleaners.
- ✓ Direct spray nozzles away from people and pets.
- ✓ Never sniff containers to see what is inside.
