

Horsepower in Motion

SAFETY IN ACTION

An enjoyable horseback riding experience starts with the individual. Riding a horse requires a high level of awareness. Read and follow the safety tips below to ensure you have a pleasant ride:

- ✓ Ride with a buddy and tell someone where you are going and your expected time of return.
- ✓ Keep horses at a walk when passing other visitors.
- ✓ Keep horses on designated trails. Check with the National Park Service (NPS.gov) for a list of recommended trails.
- ✓ Be aware of other wildlife around trails and parks (bears, snakes, and hornets).
