

Prepare Now For

HURRICANE SEASON

Know Your Risk

- Where are the vulnerable areas around your home?
- How will the threat impact your home?
- Is your home susceptible to flooding?
- What is your evacuation zone?

Have A Plan

- Does your emergency kit contain:
 - 3 days of non-perishable food per person
 - Medication
 - Drinking Water
- Are your valuables documented in your insurance policy?
- Do you have a communication plan with your family?

Protect Your Family

- Stay indoors away from the elements
- Take cover, secure your doors and be ready to evacuate if necessary
- Continue to track the storm and adjust your plan accordingly
